CHAIRMAN'S REPORT by Ted Wilm

To all,

Your Chapter has been very busy in the first four months of 2024! We had a very successful Chapter Judging Meet on February 16th and 17th as well as hosted an awesome West Regional Judging Meet in Las Vegas from April 11th to 14th. If you missed either or both of these events, you missed seeing some incredible Corvettes from every generation and more importantly, two great opportunities to connect with some of the best people I know - friends that love Corvettes!

Let's dive into the Las Vegas Regional. There were Corvettes from all 8 generations represented. Among almost 50 Corvettes, there were several 1954 Corvettes, three 1963 split window coupes, a 1967 L89 aluminum head big block Corvette Coupe, along with several other beautiful Corvettes from generations 3 through 8. As beautiful as the Corvettes were, seeing our NCRS friends from all over the country was really special. Another highlight of the Las Vegas Regional was the spectacular awards banquet with several individuals receiving Master Judge recognition, performance verifications, and the vast majority of Corvette owners going home with coveted Regional Top Flight Awards for their cars. There were tons of smiles among all those that attended.

Hosting the Las Vegas Regional was a lot of work, though many of our Chapter members, as well as members of other Chapters, pitched in and helped. As the expression goes, many hands makes light work. This exceptional team of volunteers assisted with everything - from parking trailers and placing Corvettes on the judging field, to stuffing goodie bags and assisting with the registration desk, running the silent auction, capturing the event with photography and for social media, and coordinating the breakfasts, lunches, cocktail receptions and the awards banquet. Thank you to all of those that volunteered! We could not have done it without you! I especially want to thank Beverly and John LeGate, as our Regional Co-Judging Chairs, for their hard work in making the Las Vegas Regional a tremendous success!

If you are thinking of campaigning your Corvette though NCRS, participating as an observer judge, or if you are seeking one of the Master Judge levels, there has not been a better time to be in the West. With the Tucson Regional last year, the Las Vegas Regional this year, another Regional in Phoenix, and the National Convention back in Las Vegas in 2025, there has not been a better time for you to get involved than right now. If you have "thought about getting involved" now is the time to watch the NCRS National website or the Driveline for event announcements, and mark your calendars to join us! We hope to see you at our next event!

Regards
Ted Wilm,
NCRS #41786

5. JUDGING CO-CHAIRS REPORT:

- a) John and Beverly LeGate, along with Ted Wilm and possibly John Piovesan will visit the Gold Coast Hotel and Casino in Las Vegas to meet with hotel representatives approximate January 29, 2024. The purpose of the visit is to provide for another walkthrough of the indoor and outdoor facilities that the Club will utilize for our Regional Judging Meet in April 2024. Ted Wilm encouraged board members that are unable to attend the in-person meeting at the Hotel to contact him by phone and or send him any comments or questions in advance of the visit so the Club can get the comments and questions answered at the upcoming visit.
- b) Ted Wilm offered an update on a one corvette Chapter Judging meet that was recently added to the Club's schedule and will take place in Huntington Beach, CA on January 16, 2024. This Judging meet was unanimously approved via email in late December 2023 by a majority of the responding board members. The corvette that will be judged is owned by a SCC member who recently passed away before the corvette's restoration could be completed. His wife will present the corvette for judging as it was his wish to have the car judged by the NCRS after its restoration.
- c) Beverly LeGate reviewed a spreadsheet highlighting current registrations and other budgetary and sponsor information that was distributed to the Board in advance of the meeting. In summary, we are approximately one third of the way toward achieving our estimated number of cars, family registrations, judges, volunteers, etc. Beverly commented that registrations were meeting expectations at this point coming off of the year-end holiday season. The Board was encouraged to continue to market the Regional Judging event and contact potential sponsors.
- d) Beverly LeGate summarized several members and others that are committed to provide technical sessions and judging schools at the Regional Judging meet. In summary, we are in good shape with these additional events.
- e) Verity Hobbs agreed to personally purchase and donate volunteer vests that will be worn by NCRS members that will volunteer to assist with corvette and trailer parking. The Board thanked Verity for her contribution to the success of the upcoming regional event.
- f) Beverly LeGate reported on the Spring Chapter Judging meet that will take place at Jim Burra's facility at 22952 Alcalde Drive in Laguna Hills, CA on February 17, 2024. At least four corvettes are registered. Beverly is holding registration at four cars over a concern for space and judge availability.
- g) Beverly LeGate commented that she is currently looking at hosting a Fall Chapter judging meet in the September/October 2024 time frame at a facility owned by Kent Browning in Artesia, CA near the 91 Freeway. Joe LeMay previously agreed to work with Beverly and Kent to plan this two-day judging event. In addition, there was a preliminary discussion about potential Spring and Fall Chapter judging meet locations in 2025. An offer from Richard Anderson in Bonita, CA and an offer of John Piovesan's home, where we have previously held a judging meet, were discussed.

6. GENERAL BUSINESS MATTERS:

These activities are scheduled to be completed no later than February 2024, so the club should continue to qualify for the its Top Flight Chapter award in 2023.

7. CLOSE MEETING:

After a call for any other business by Ted Wilm, and hearing none, John LeGate moved to adjourn meeting. John Piovesan seconded the motion. The board unanimously approved to close the meeting at approximately 8:15pm PST.

Respectfully Submitted,

Ted Wilm, SCC NCRS Chair

Beverly noted that nine Team Leaders from National are coming to the Las Vegas Event, for judging. Dull Door Jambs?

By Jerry Louer

I have for some time felt there has been too much emphasis placed on dull door jambs especially for early cars painted with lacquer. When I last painted the hood on my 62, I thought I'd document the procedure with pictures. After writing it up, I had an issue with the disk drive it was on and could not recover the data. I still had the photos, but not the information I had recorded about the gun and environment.

Well, just recently, I finally got into cleaning up the "disaster areas" in the garage that has been a mess for years. Guess what! I came across the notes I wrote down during the time I painted that hood. Here is kind of what I wanted to share with you on this subject.

I had issues with two spots on my hood that had bubbles in the paint. These areas needed to be fixed and the hood repainted. I set up one morning to paint my hood. At this point, those areas were repaired and I already applied an epoxy primer (Photo #1) I don't recall why I had also primed that deck lid and not repainted it.

Anyway, I chose the morning for the repaint because where I live the wind comes up in the afternoon. After sweeping and wetting down the area to hold down any dust stirred up by me, I placed the hood on two saw horses. I wiped it down with PrepSol and then a tack rag.

The Honduras Maroon Acrylic lacquer was mixed to a 1:1 ratio with a slow reducer. The pressure regulator was set to give 20 pounds pressure at the gun. I was using a Sharp old school siphon feed spray gun. The day was clear with a temperature of 79 degrees and the humidity was at 57 percent. If I remember correctly, I put on two double coats.

Photos #2 and #3 show the results after drying for a couple hours.

As you can see in Photo #3, the orange peel indicates the hood has not been sanded or rubbed out.

You decide. If it was a door jamb, would you deduct for being too shiny?

1ST NCRS NOSTALGIA Story **THRU THE YEARS**

Jerry & Pat Louer's 1957 Goes on the Final Road Tour

Jerry and Pat with Al Knoch on the Louers Road Tour to San Antonio, Texas

2017 NCRS National Convention Road Tour!

An unplanned stop for a quick fix Don Troyer and Darold Shirwo overseeing the repairs.

Never to be discussed again, the '57 received the NCRS National Road Tour Flat Tire Award. Congrats.?

Waiting for parts.

A Corvette isn't just a Corvette, it is a part of your family. When the Louer's purchased their 1957 in 1975, it became a part of their family. Almost making it to 50 years owned, the '57 suffered fire damage in the Louer's garage. Saying goodbye to a Corvette going to the final road tour is not an interment but a celebration of the great times and memories!
